

## INVESTMENT OBJECTIVE

The Aluwani BCI High Yield Fund aims to deliver a high income and stability on capital invested.

## INVESTMENT POLICY

The portfolio is positioned as a high yield portfolio to reflect the portfolio's flexible mandate in terms of accessing a broad spectrum of underlying high yielding assets including credit and credit linked instruments and securities linked to equities with due consideration being given to the lower risk mandate for the portfolio, using appropriate strategies to minimise risk where necessary. The portfolio's equity exposure may be as high as 10% of the portfolio's net asset value. The portfolio may include fixed-interest instruments, debentures, equity linked notes, preference shares, derivative instruments including futures and options linked to underlying indices, non-equity securities which are considered consistent with the portfolio's primary objective, equity securities, as well as assets in liquid form. The portfolio may from time to time invest in listed and unlisted financial instruments. The portfolio may also invest in participatory interests and other forms of participation in portfolios of collective investment schemes.

## PORTFOLIO HOLDINGS

## INFORMATION AND DISCLOSURES

### Risks

Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information.

### PROJECTED TOTAL EXPENSE RATIO (TER)

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER's. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year ("PY") TER and Transaction cost calculations are based upon the portfolio's direct costs for the financial year ended 30 June 2021, whilst the underlying portfolios' ratio and cost calculations are based upon their most recent published figures, being 31 March 2022.

### Effective Annual Cost:

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost ("EAC"). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at [www.bcis.co.za](http://www.bcis.co.za). BCI calculates the EAC as per the ASISA standard for a period of 3 years up till the most recent TER reporting period.

**#Monthly Fixed Admin Fee:** R15 excl. VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.

### Total Investment Charges

* Total Expense Ratio (TER)	Transactional Cost (TC)	Total Investment Charge (TER & TC)
N/A	N/A	N/A
Of the value of the Fund was incurred as expenses relating to the administration of the Fund.	Of the value of the Fund was incurred as costs relating to the buying and selling of the assets underlying the Fund.	Of the value of the Fund was incurred as costs relating to the investment of the Fund.

### FAIS Conflict of Interest Disclosure

Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor's responsibility to disclose all fees he/she receives from any related party. The portfolio's TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio's performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instances portfolios invest in other portfolios which form part of the BCI Scheme. These investments will be detailed in this document, as applicable.
